Re: Illinois Democratic Redistricting Plan

Rep. Mayfield,

Please be advised that the Black Chamber of Commerce of Lake County is in support of the Democratic Redistricting Plan.

It is important that the redistricting plan allows representation of social and economic issues relevant to the underserved communities. I believe that State Representative Mayfield will ensure that the Waukeganland area is inclusive in that plan so that we may receive the best representation for local matters in the decision making process that affect our communities.

Respectfully,

Arthur J. Gass Sr.  
President & CEO  
Black Chamber of Commerce of Lake County
