Dear Illinois House Redistricting Committee

As a long-time resident of Illinois House District 12, I want to commend you on the new map for IL 12. This new map insures that citizens have a legislator familiar with the community and its various issues, reflects areas of unique challenges to permit local residents to select a representative who will advocate for them in Springfield and allows local residents to be familiar with their representative in Springfield.

Michael Bauer  
2500 N. Lakeview Avenue  
Chicago, IL. 60614
