RE: ILLINOIS REDISTRICTING HB 3760

To Whom It May Concern:

I am writing to express my support for the new Illinois Redistricting map for the 30th District. As a long time resident of the Harvey of Illinois, I believe that new map will allow state officials to better serve the needs of my community. In accordance with the previous map, my community was divided by different neighborhoods, roads and businesses, making it difficult for my community to efficiently communicate its needs and wants as a unit. I believe with the new boundaries we will be able to strengthen our community.

To continue, the new map accurately reflects the future interest of our area. On occasion, the old map created division between wards and governmental support in the Harvey Illinois and surrounding communities. The challenges between the two are often different and should be equally represented in Springfield.

Therefore, I trust that you will vote YES in support of House Bill 3760. Thank you for your attention.

Sincerely,

Hermitt Whittington
