To: ilredistricting@gmail.com

To whom it may concern:

The proposed new boundaries for IL House 104 are precisely what we had advocated before the House redistricting committee hearing in Champaign on April 16. The new district encompasses the Danville/ Route 1 corridor and keeps that urban area associated with Champaign, Urbana and Rantoul in the 52<sup>nd</sup> Senate district. The proposed new map also addresses the concerns of our minority community that moving our area to to a more northern or southern oriented district would dilute minority voting power. Additionally, it moves much of the more rural, and heavily agricultural areas of the existing 104<sup>th</sup> District into new districts in which agricultural interests predominate. This is what representatives of the agricultural community testified in favor of before the committee, and it would seem that all interests should be satisfied by the proposed new district.

Thank you for your efforts on behalf of our community.

Scott Kair
