

Illinois House Redistricting Committee,

I write you in strong support of the proposed redistricting map. I support both the proposed House legislative map and specifically the 12th House District boundaries. As a business owner in the district, I feel that Representative Sara Feigenholtz understands the needs of the community. Further, the new boundaries for both the district, and the State of Illinois in general, ensure fair and equitable representation for all residents.

Sincerely,

Sam Toia
