To The Illinois House Redistricting Committee:

Committee Members, I, Steve Pannell, Mayor of Park City, on behalf of the residents of Park City, give my full support to the redistricting proposal. This proposal will link state representatives in a positive way with the constituents in their districts helping them to recognize and fight for the needs and concerns facing the area residents.

State Representative Rita Mayfield has served our district well and we are please to have her continue representing us in the future.

Yours Truly,

Mayor Steve Pannell
