Illinois House Redistricting Committee

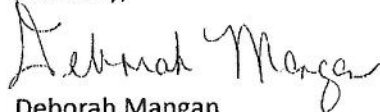

I am writing this letter in support of our State Representative Esther Golar.

I have been involved in the Canaryville community for quite a few years and Esther has supported us in many ways. She has attended our monthly Canaryville Improvement meetings, Tilden High School Local School Council meetings and has been extremely helpful with the yearly Health Fair that St Gabriel has.

In addition to the above, Esther was instrumental in securing funding for the new field house at Taylor Lauridson Park which was held up for a long time.

If you have any questions, please do not hesitate to contact me.

Sincerely,

Deborah Mangan
