Illinois House Redistricting Committee
 Springfield, IL 62706

Dear Committee Members:

As the President & CEO of PCC Community Wellness Center, I am pleased to support the proposed Illinois legislative redistricting for the 78th district. Currently, six of PCC's ten clinics are located within the 78th district, including the PCC Lake Street Family Health Center, Erie Court Health Center, South Family Health Center, North Avenue Family Health Center, Austin Family Health Center, and the PCC Clinic at Thrive Counseling Center.

Over the years, PCC has provided comprehensive primary healthcare and support services to medically underserved communities within the 78th district. The mission of PCC is to improve health outcomes for the medically underserved community through the provision of high quality, affordable, and accessible primary health care and support services. Anchored with family medicine, we are committed to serving the needs of all people in all stages of life, while we continue to specialize in the delivery of comprehensive maternal and child health services to address this unmet need in our community.

I understand that the proposed new boundaries for the 78th District will keep the majority of the current communities together allowing residents, organizations, businesses, churches and schools to maintain and enhance their relationships with State Representative Camille Lilly. PCC is extremely proud to be part of the 78th District and we look forward to continuing to serve individuals and families within our service area. If any further information is needed, please feel free to contact me at 708-524-7686 or urso@pccwellness.org.

Sincerely,

Robert J. Urso
 President & CEO
