Dear Members of the Illinois Redistricting Committee:

As a longtime community activist in the Old Irving Park community on Chicago's NW side, I encourage you to adopt the currently proposed district boundaries for State Rep. Deb Mell, 40th. It is crucial to draw districts so that they keep communities of interest together, rather than dividing them and diluting their voice. State Rep. Deb Mell has been a strong advocate for our communities while serving in Springfield, and we appreciate her efforts in representing the NW side.

Thank you for your consideration.
