

## OLIVE-HARVEY COLLEGE

THE OFFICE OF THE PRESIDENT

May 23, 2011

Illinois General Assembly  
House Redistricting Committee  
Springfield, IL

Regarding Proposed 33<sup>rd</sup> Legislative District

Dear Members of the Illinois House Redistricting Committee:

I have reviewed the proposed map of the new 33<sup>rd</sup> District. I am in support of the prescribed boundaries proposed by the Redistricting Committee. These boundaries will serve to maintain representation that is familiar with the challenges of the constituents of the District. Communities with common interests will maintain common representation if the proposed map is approved.

Olive-Harvey College, one of the City Colleges of Chicago, is the community college that has a campus in and serves the constituents of the 33<sup>rd</sup> District through close collaboration with the State Representative. That beneficial relationship can be continued and enhanced with the proposed map, and I therefore support its approval.

Sincerely,

Clyde El-Amin  
President
