Dear Illinois Redistricting Committee Members:

I write to express support for the districts map proposed by the Illinois House of Representatives. The proposed map maintains in one district most of the cities of Champaign and Urbana where I live. The facts that the map does not divide communities of interest, keeps most University of Illinois students in the same district and that it keeps most people who now live in the 103rd district in the same district are strong advantages of this version of the map. For our community, the proposed map is excellent and I urge you to adopt it.

Thank you.

Very truly yours,  
Esther Patt
