While you are redistricting would you please draw a map with a district that would represent the people in my area. At the present we are represented by Senators and representatives that are a long way from my home. We have different problems than the people that represent us.

I live in the area of 131st an 80th Ave.in Palos Heights,

and the people who represent me are in the area of 35th and State ST. in Chicago, IL

The area north and south of us are represented by people from this area.
