Dear Chairman Mautino,

When I submitted my testimony in Rock Island about the transparent process and the GIS computer generated map that my county board subcommittee passed I said I would send our map to you.

It is attached. We also passed this map 13-11 at the full county board on May 10. The 11 Democrats on the board voted to preserve the gerrymandered map they had created 20 years ago to maximize Democrat control.

Jon Zahm
Henry County Board Member
