May 23, 2011

Dear Illinois House Redistricting Committee,

On behalf of the Board of Directors of the Southeast Chicago Chamber of Commerce, we would inform you of our support of the redistricting proposal for the 33<sup>rd</sup> District. The new district guidelines will keep our current representative, Marlow Colvin, linked to the community that he is knowledgeable of and familiar with issues that affect our business and community residents. We need this to take place so that our business and community residents continue to thrive.

Respectfully,

---

Kimi Ellen  
Board President  
South Chicago Chamber of Commerce
