## Why couldn't you IL Sens and Reps have just fed the demographic info into a computer and gotten the first draft of your redistricting maps in a non-political manner?

To all,

I am so sick of petty politics in IL, I could just vomit! You should have just fed the demographic info into a computer for your first draft and then gone from there. But here is an example of one very good complaint of your present redistricting map draft. At least keep homogenous communities contiguous!

Dr. Lora Chamberlain

Today I Tesified at the Senate Redistricting Committee Hearing.

I urged them to vote NO tuesday when this issue comes up in Springfield.

My main objection was the continued fractoring of the Aburn Gresham community in the 18th Senate Dist and the 36th Rep Dist

trapping the Blck population from 79th street to 87th street from Ssgamon to Kedzie in a district that goes to Hickory Hills for the last 10 years no black person has been able to run for the legislature from this area..

There has been a map proposal submitted by United Neighbors that corrects this injustice and both the House and Senate ignored it.

Please attend the hearing Sunday or send the Committie a Email urging them to vote NO .

Emails can be sent to [ILRedistricting@gmail.com](mailto:ILRedistricting@gmail.com) .

I can be reached at [773-322-4411](tel:773-322-4411)

BRUCE
