Re: Support of Map Redistricting

To Whom It May Concern:

As Mayor of the City of Berwyn, I find it in the best interest of the City to support the redistricting of the Illinois House Map.

For constituents, elected officials and community leaders, the proposed map guarantees that they have legislators that are knowledgeable of the community and local issues.

The proposed map takes into account the socioeconomic climate of the area and provides the best representation of our local residents, a large percentage which are Hispanic. It also reflects the area's unique challenges and provides local residents, who share common interests, with a representative who will advocate for their common needs and concerns.

Lastly, the proposed map includes clear and easily recognizable boundaries that allow local residents and community organizations to effortlessly recognize who is representing them in Springfield.

Please accept my letter of support.

Respectfully,

Robert J. Lovero
Mayor
