Dear Illinois House of Representatives Redistricting Committee,

As a community advocate, I am writing in strong support of the Illinois House of Representatives' redistricting plan. Given the population and demographic changes facing Chicago's north side neighborhoods, I believe the proposed map does a solid job of keeping communities intact. I understand the inherent challenges in crafting a map which addresses the needs of diverse geographic, economic, racial and ethnic communities – and I feel that the proposed map goes a long way towards ensuring that all Illinoisans have representative voices in the General Assembly.

In particular, I wish to point out my strong support for the proposed district of State Representative Sara Feigenholtz. Representative Feigenholtz has been an excellent advocate for my building, precinct, neighborhood and ward – and I am pleased that she will continue to represent me in the General Assembly. I know many of my neighbors share this sentiment. She works tirelessly for the north side of Chicago, and I believe the Illinois House of Representatives Redistricting Committee has made an excellent decision in ensuring continuity of representation for many of our neighborhoods.

Sincerely,

Sean Tenner
