Illinois House Redistricting Committee

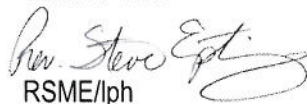

RE: In support of the proposed redistricting of the 78th District

As proposed, the redistricting of the 78th District keeps the community intact and insures that constituents of the district have a legislator who is familiar with the community and the issues that link local residents together.

Representative Camille Lilly has worked tirelessly to address the needs of the 78th District and we support her in this effort.

Respectfully,

Rev. Steve M. Epting, Sr.
Senior Pastor
